TECHNICAL DATA SHEET

EASY COLOR® ROSE GOLD 914

DESCRIPTION

EASY COLOR® ROSE GOLD 914 is a solvent-based, ready-to-use and DIY metallic paint. Leaving a shiny metal effect, ROSE GOLD 914 is the perfect choice to give a touch of modernity and sophistication for home accessories, walls and ceilings decoration or for bigger fashionable design projects!

It is suitable for all types of decorative works on wood, metals, plaster, concrete, filler, false ceilings etc. as long as the surface is well-prepared.

This shade is suitable for indoor and outdoor when it is covered by the appropriate top coat. For optimal resistance, combine it with our EASY COLOR® ACRYLIC VARNISH for indoors and our NARI® 2K PU for outdoors.

PRECAUTIONS

- Mix carefully before use.
- Avoid contact with eyes and skin.
- Wear protective clothes, glasses and gloves.
- Keep out of reach of children.
- Keep products away from frost and from heat sources.
- Do not dispose of residual paint by flushing it away.
- Take appropriate precaution when disposing of the packages.
- Consult the Safety Data Sheet for more details.

EASY COLOR® ROSE GOLD 914

REMARKS AND RECOMMENDATIONS

Store in a well-ventilated and dry room at temperatures between 10°C and 30°C. Higher temperature could have a significant influence on drying time. Relative humidity of the environment: <80%. Protect from heat and direct sunlight. Keep container tightly closed. Store carefully closed containers upright to prevent any leaks.

For a long-lasting effect and protection, use EASY COLOR® ACRYLIC VARNISH (solvent or water-based) as a final coat for indoor use. For outdoor projects, to avoid oxidation and peeling, use our NARI® 2K PU as topcoat.

Warranty invalid if other system than provided by COPRABEL S.A. is used.

Note: Cancels and replaces the former editions. It's up to our customers to check, before application, if it is indeed the latest edition. The information contained in this note has only one indicative range and cannot compensate a description suitable with the nature and the state of surface to be treated.
